

## Why I Joined a Faith Sharing Group

I started Faith Sharing with a group from my parish in order to grow my relationship with God. I wanted to learn how others prayed and how they stayed close to God and how I could share my beliefs with others. I have been a part of several groups. Some have met only during Lent and Advent. Others met year-round. My current group meets biweekly year-round. My faith has been strengthened. My ability to discuss my faith has increased. I have found ways to spread the working of God within me to others. Thanks to my growth within Faith Sharing Groups.
